## PUBLIC NOTICE

GSWA announces its intention to submit proposed rate changes through its Five-Year Financing Plan to the Public Utilities Commission. The proposed increases are necessary to continue GSWA's programs and major priorities that GSWA will face over the next five years, including regulatory compliance priorities, funding Layon Landfill cell closure, post closure care and new cell development, debt service payments, and equipment replacements. GSWA is currently considering two potential rate scenarios. These proposed rate changes do not include Community Benefit Charge. The current rates, two proposed rates/scenarios and resulting amounts of increases are presented in the tables below. For more information, or to obtain a copy of the five-year plan, please visit GSWA's website at [gswa.guam.gov](http://gswa.guam.gov).

	Current Rate	FY2026		FY2027	
		Rate	Increase	Rate	Increase
Residential Rate	30.00	35.00	5.00	35.00	0.00
